NUTRITIONAL COUSELING

A registered dietitian certified in oncology nutrition education reviews current lifestyle, medical and nutritional history to identify specific dietary needs.

TRANSPORTATION

Gas cards help with financial constraints for those who travel long distances to get to treatment.

HOUSECLEANING

We offer complimentary housecleaning for post-surgical patients. If you are in active treatment, let us help you focus on healing and not on housework. We partner with local professional house cleaning service companies that are fully licensed and bonded.

INTEGRATIVE THERAPY TREATMENTS

Manual Lymph Drainage

Manual lymphatic drainage of upper or lower extremities for the treatment of lymphedema.

Reiki

An energy therapy for stress reduction and relaxation. Reiki promotes healing through the mind-body connection.

Massage

Manipulation of superficial and deep layers of muscle and connective tissue. Enhances function, aides in the healing process and promotes relaxation and well-being.

Reflexology

A natural healing art that relieves tension, improves circulation and helps promote the natural function of related area of the body.
